THE JUDGES HIGHLIGHTED

- 'He Ara Whakamua: A Way Forward' – a clear and comprehensive strategy and vision, shared throughout the organisation that drives governance and on-farm performance.
- Strong financial management with regular monitoring and benchmarking that has enabled 1,000ha of reverted scrub to be converted to productive land uses, and large improvements in overall productivity and to pay off debt.
- Significant and on-going investment in conservation and mitigation actions to improve environmental outcomes and reduce erosion including through Ngā Whenua Rāhui kawenata, fencing off of coastal faces, native reforestation, debris dams and pest control programmes.
